RE: June 2009 Glatfelter shutdown

Dear Jack,

We wanted to take a moment and say thank you for the Outstanding job the men of Local 13 did for Miller Mechanical on the condenser project at Glatfelter in Spring Grove, PA. This crew worked extremely hard, getting the job done ahead of schedule while never sacrificing safety.

The effort of these men added to the overall success of our work at Glatfelter.

Thank you.

Sincerely,
Miller Mechanical Services, Inc.

William F. Batkay
