Boilermaker Local Lodge #13
2300 New Falls Road
Newportville, PA 19056

Attn: Jim Banford / Jack Borzell

Dear Jim and Jack,

I would like to take this opportunity to thank Local 13 for the excellent job performed by your members on a recent project at the Altadis, USA facility located in McAdoo, PA.

The project involved the replacement of tubes in a rotary tobacco dryer. Although not a large project, this piece of equipment is an important part of their primary manufacturing process and plant management was obviously concerned with the outcome.

Tim Wiernusz, foreman, Rich Babcock, Bill Ellsworth, Walter Reese and Tom Tarnalick completed the project ahead of schedule and within budget. They also conducted themselves in a professional manner which showed in their workmanship and the fact that there were no injuries. Altadis, USA was extremely satisfied with the job.

Again, H.T. Lyons thanks you for your support on this project and looks forward to possible future projects with Local 13 members.

Yours truly,

Pat Deegan
