From the Desk of the Dispatcher

Please keep calls to the union hall to a minimum after 2:00 p.m. We start dispatching work at 2:00 p.m. and it is unfair to members waiting to be called for work to be delayed by tied up phone lines. Also, many times we have to fill jobs for that same night and are delayed due to many incoming calls. If you need to call the hall for matters other than dispatch please call before 2:00 p.m. Also, remember to call in your layoff on the day you are laid off. Although it is the duty of the job steward to call in layoffs, it is ultimately the member's responsibility to contact the union hall. The best way to inform the union hall of your layoff is to call the union hall after 4:30 p.m. and leave a message on the recorder that you were laid off. Leave the date you were laid off and the name of the job you were laid off from.

*****Notices from the Training Coordinator*****

Online Training – Beginning January 1, 2017, all Boilermakers except new apprentices will be required to utilize the MOST online training programs for the OSHA 5, 10 and 30-hour courses. Any member who requires training will need to submit a request through the hall, which will then be forwarded to MOST. At this time, MOST is not accepting individual, direct training requests. A valid email address will be required for all training requests.

*****Common Arc Testing******* - There will be Common Arc Testing at the Union hall from Monday, June 12, 2017 through Friday, June 16, 2017. The type of testing will be Carbon Tube, Stainless Tube, Inconel Tube and Flux Core Plate. If interested, please contact the union hall to reserve a spot for testing. You must specify when calling which test you would like to take.

Remember to check the website for any additional Training dates.
