Each and Everyone One of Us Can Make a Difference by Standing Together and Demanding an End to Policies that support taking more money out of our pockets and handing it to people who are already too wealthy.

Tell Dick Yuengling Gov. Tom Corbett that Pennsylvania Needs a Raise Not Right-to-Work "for Less"

Here are the facts:

- Forbes Magazine recently reported Yuengling's worth at \$1.3 billion among the wealthiest in the country
- Average annual pay in states with right to work "for less" was \$39,169, which was \$5,660 less than the average annual pay in Pennsylvania of \$44,829 according to the latest figures from the bureau of labor statistics.
- If you live in a right to work state employers are less likely to provide health insurance or good pensions to their employees and workers are 34.8 percent more likely to be killed on the job than Pennsylvania residents.

Dick Yuengling and Governor Corbett: Stop supporting policies that would put us ON A RACE TO BOTTOM and would turn the clock back over 100 years ago to the days of the "Molly Maguires".
